## WELCOME MESSAGE

On behalf of the Organizing Committee, it is our great pleasure to extend a warm welcome to you for the 2nd Annual National Conference of the World Association for Dynamic Psychiatry (WADP) – India Chapter, scheduled to take place from 25th to 26th April 2026 at the All India Institute of Medical Sciences (AIIMS), Raipur, Chhattisgarh.

The World Association of Dynamic Psychiatry (WADP) is an affiliated member of the World Psychiatric Association (WPA). The Indian chapter of WADP was established by Dr. Roy Abraham Kallivayalil, who currently serves as President. The inaugural conference was held in Nagpur, Maharashtra, and was hosted by the Nagpur Psychiatry Society.

The second Annual National Conference of WADP IC will be held at AIIMS Raipur, in collaboration with the Chhattisgarh Psychiatric Society, the Indian Psychiatry Society (IPS), the World Association for Social Psychiatry (WASP), and the Indian Teachers of Psychiatry (IToP). This conference, emphasizing clinical psychiatry, aims to serve psychiatric consultants, residents, psychologists, psychiatry social workers, and other mental health professionals across India.

This year's conference theme, "Dynamic Psychiatry and its Implication for the Contemporary World," thoughtfully underscores the evolving challenges and complexities in mental health care amidst rapidly changing social, cultural, and scientific landscapes. Dynamic Psychiatry, which emphasizes unconscious processes, subjective experiences, and therapeutic relationships, offers valuable insights into human behavior while integrating advances from neuroscience and the biopsychosocial model.

The WADP India chapter conference is a significant academic event in Chhattisgarh, featuring distinguished mental health experts from India and abroad, including Professor Norman Sartorius (USA), former Director of the WHO Mental Health division; Professor Mohan Isaac (Australia); Professor R. Raguram and Professor Pratap Sharan from AIIMS, New Delhi; Professor Swarn Preet Singh (UK); Professor Rakesh Chadda; and Professor TSS Rao (IPS President), among others.

The two-day program will include keynote lectures, symposia, panel discussions, workshops, e-posters, and interactive academic sessions delivered by eminent national and international experts in the field. The conference also invited applications across various categories for psychiatry residents, psychologists, and psychiatry social workers, offering awards such as the e-poster award, the WADP Early-Career Psychiatry Award, the WADP Mid-Career Psychiatry Award, and the Best Dynamic Formulation Award.

We cordially invite all psychiatrists, psychologists, and mental health professionals to participate in this esteemed academic event. We look forward to welcoming you to AIIMS Raipur and making the 2nd Annual Conference of the World Association for Dynamic Psychiatry – India Chapter a memorable and intellectually enriching experience for all involved.

With kind regards,  
Organizing Committee

## ABOUT RAIPUR

Raipur serves as the capital and largest city of Chhattisgarh, India. Recognized as a significant commercial center for trade within the region, Raipur has experienced substantial industrial development and is now considered a key business hub in Central India. The city was ranked as India's sixth cleanest city according to Swachh Survekshan 2021 and placed seventh in both the Ease of Living Index 2022 and the Municipal Performance Index 2020, as reported by the Ministry of Housing and Urban Affairs. Raipur is also one of the leading producers of steel and iron nationwide. Chhattisgarh, often referred to as the country's rice bowl due to its extensive rice cultivation, boasts over 800 rice milling plants located in Raipur alone.
